

include/CTL/algorithm  
/tim\_sort.h

```
graph TD; A["include/CTL/algorithm<br/>/tim_sort.h"] --> B["stdbool.h"]; A --> C["stddef.h"]
```

The diagram illustrates a header file dependency. A central box at the top represents the file `include/CTL/algorithm/tim_sort.h`. Two arrows originate from the bottom of this box, pointing downwards to two separate boxes below. The left box contains `stdbool.h` and the right box contains `stddef.h`, indicating that `tim_sort.h` includes both of these standard C headers.
